TECHNICAL SPECIFICATIONS

The Middlesex County College (MCC) Edison Campus has six (6) asphalt base tennis courts together on one surface. They are oriented in two (2) rows of three (3), side by side. Each court is approximately 120' long x 60' wide, totaling approximately 4,800 square yards. MCC desires to have these courts refinished and the bounds lines repainted.

Tennis Court Refinishing Details and Requirements

- A) Clean off existing surface including removal of all vegetation and loose debris.
- B) Clean and fill all structural cracks with court patch binder (NOVABOND® By Nova Sports USA, Inc., Milford MA. [or equal] – sand – cement mix) level with court surface in accordance with manufacturer's recommendations / instructions.
- C) Apply Armor Crack Repair System (Farmingdale, NJ) [or equal] to all cracks within playing area in accordance with the manufacturer's recommendations. (Approximately 100 linear feet.) Note – this excludes the expansion joints at net line and between courts.
- D) Apply two (2) coats of NOVASURFACE® acrylic resurfacer (By Nova Sports USA, Inc., Milford MA.) [Or equal] to the existing court surface in accordance with the manufacturer's recommendations.
- E) Apply two (2) coats of NOVA COMBINATION SURFACE® two tone color coating. (By Nova Sports USA, Inc., Milford MA.) [Or equal], over D above, in accordance with the manufacturer's recommendations. Colors to be #4 Blue for Inbounds and #4SB Stadium Blue for Out of Bounds.
- F) Tape in accordance with court area regulations and hand paint white lines. The paint shall be NOVATEX® (By Nova Sports USA, Inc., Milford MA.) [Or equal] textured white line paint.
- G) All work shall be performed by a contractor that is a Certified Tennis Court Builder certified by the American Sports Builders Association.

Drawings

See attached Campus Map for location of tennis courts.

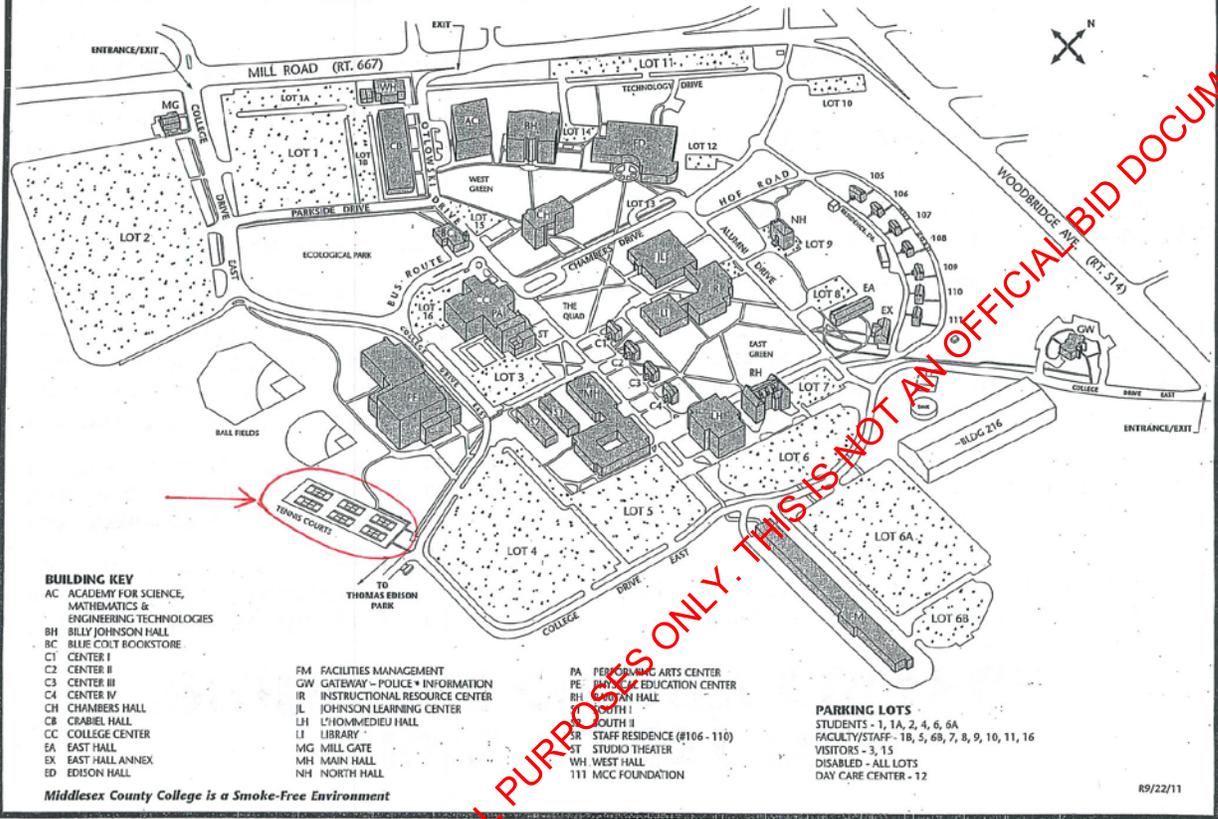

Schedule

Depending on the Manufacturer's application recommendations relative to climate and temperature, the work may be done during the following time frame:

May 1 thru 19, 2015. All work must be completed by May 19th.
