- CJU 123 and 124
- PSY 123
- SOC 121
- COR 201 and 207
- COR 280 or POL 204
- POS 201 and 220
- SOC 140

What to Do if You did not have a High School Lab Science with at least a "C".

- Criminal Justice Majors (CJC.AS and CJP.AS) must complete a 4-credit GE Science which, in most circumstances, has a prerequisite of a high school laboratory science class with a grade of "C" or better. If you do not have that prerequisite, one of the following is appropriate:
- You can take BIO 010 or CHM 010 as a prerequisite to a four credit GE lab science.

OR

- If you did not have a high school lab science, you can register for the four-credit SCI 155 (Introduction to Geology) since the course requires MAT 013 and no high school lab science as a prerequisite.
